

**PROVEN SOLUTIONS
GLOBAL REACH**

FAMUR

The FAMUR Group is the power of tradition and long experience.

For over 100 years our equipment has provided better performance and work safety in underground mining.

Apart from manufacturing and supplying equipment, we train the users in its operation, provide all-day maintenance services and technical support. We also offer investment financing and implementation support.

FAMUR has easily transferred its domestic market experience onto the international arena. Our machines work in the most extreme conditions, meeting the most specific demands of our customers worldwide.

The global position of the **FAMUR** brand is built on experience, a comprehensive offer of equipment and services and the trust of our partners.

We continuously broaden the range of our products and offer our customers comprehensive, tailored solutions, adapting them to the demands of the evolving market.

Based on our knowledge and experience, the **FAMUR** Group provides our customers with **PROVEN SOLUTIONS** for underground and open-pit mining, reloading, transport and power industries.

The equipment and services of the **FAMUR** Group are provided to customers on nearly all continents. The **GLOBAL REACH** of our operation commits us to undertake new challenges and set high standards for the products tailored to the individual needs of our customers worldwide, the success and satisfaction of whom are our priority.

FAMUR offers its customers options for financing the purchase of our products

including comprehensive financial solutions serving entire investment projects. The FAMUR's team of experienced specialists offers financial solutions, taking your needs in the scope of: capital cost, tax advantages and presentation in financial reports into account.

Our ambition is designing a financing structure for any investment demand.
